DESCRIPTION OF THE ITEM

SOLSTIC ENERGY FROM NATURE

DIETARY SUPPLEMENTS

Solstic Energy from Nature is a combination of lasting energy, well-being, vitality and excellent taste. Start your day with a delicious, nutritious drink that will help you maintain the right level of energy for many hours. Solstic Energy is a healthy alternative to morning coffee or carbonated energy drinks. Our product is a formula rich in natural ingredients: guarana seed extract, green tea leaves and yerba mate leaves. Yerba mate leaves extract contributes to weight control and lipid breakdown. Guarana strengthens immunity and reduces hunger or fatigue. Moreover, Solstic Energy is a source of many B group vitamins. Vitamin B1 (thiamine) helps maintain proper psychological functions. Pantothenic acid (vitamin B5) enhances mental performance and reduces tiredness and fatigue. Vitamin B6 contributes to maintaining proper energy metabolism and nervous system functions. What is more, Solstic Energy contains vitamin B2 (riboflavin), which supports healthy eyesight and helps protect cells against oxidative stress. Vitamin B3 (niacin), on the other hand, maintains the proper functioning of the nervous system.

- Vitamins B3 and B5 (niacin and pantothenic acid) contribute to the reduction of tiredness and fatigue.
- Yerba mate leaves extract nourishes the whole body. It has stimulating and toning properties that contribute to increased resistance to mental and physical fatigue and support weight control.
- Guarana is a plant traditionally used to boost metabolism, and thus help control body weight.
