DESCRIPTION OF THE ITEM

Maintain Independence

Movement is essential, and the ideal is movement without pain or noticeable discomfort. Good condition of our bones and joints is the foundation of mobility, which is a key factor in maintaining independence. We all know that the passage of time most often affects our joints and bones.

The response to caring for their health includes calcium, vitamins C and D, and physical activity. All the necessary ingredients can be found in the "Healthy Bones & Joints" set.

Be mobile. Keep your sense of independence!

Bones & Joints is a set for people who want to support daily comfort of movement and the skeletal system. This set is built around ingredients important for the proper functioning of the musculoskeletal system. **Vitamin C** helps in normal collagen production to ensure proper function of bones and cartilage. **Calcium** is necessary to maintain healthy bones, and **Vitamin D** helps in the proper absorption of calcium and phosphorus and in maintaining healthy bones and normal muscle function. This is ideal for those who want to support mobility and flexibility every day.

Set composition:

Collagen+
Vitamin C
MSM
Calcium Plus Vitamin D
Everflex
Vitamin D3

Recommended use:

Use all products in the set according to the instructions on the labels.
