BUSINESS KIT

FLOW is more than just a combination of two products – it is a simple daily ritual that you can easily introduce to your Customers and Business Partners.

Business FLOW Kit has been created for Nature's Sunshine Independent Distributors who want to organize product tastings, product presentations, and grow their business by sharing their own experience.

The kit contains enough products to prepare dozens of servings of the FLOW drink, along with a complete set of marketing materials supporting product presentations and sales.

Solstic Energy contains B vitamins, vitamin C, and magnesium.

B vitamins and vitamin C:

- contribute to normal energy-yielding metabolism,
- help reduce tiredness and fatigue,
- contribute to the normal functioning of the nervous system,
- contribute to normal psychological function.

Vitamin C also contributes to the protection of cells from oxidative stress.

Power Beets combines concentrated beetroot with a blend of botanical extracts, vitamins, and minerals. The formula is complemented by the patented **S7™** blend containing seven botanical ingredients.

Business FLOW Kit is a practical business tool designed for Independent Distributors who organize tastings, product demonstrations, meetings, and events for Customers and Business Partners.
