DESCRIPTION OF THE ITEM

FLOW Pack

Power Beets + Solstic Energy

FOOD SUPPLEMENT

Every day brings new challenges. Work, daily responsibilities, training, travel, and an active lifestyle mean that we increasingly look for simple solutions that are easy to incorporate into our daily routine.

FLOW Pack combines two Nature's Sunshine products – **Power Beets** and **Solstic Energy** – that simply need to be mixed with water to create a refreshing drink with a unique taste.

It is a convenient daily ritual for people with an active lifestyle who want to consciously complement their diet every day.

Solstic Energy contains B vitamins, vitamin C, and magnesium.

B vitamins and vitamin C:

- contribute to normal energy-yielding metabolism,
- help reduce tiredness and fatigue,
- contribute to the normal functioning of the nervous system,
- contribute to normal psychological function.

Vitamin C also contributes to the protection of cells from oxidative stress.

Power Beets combines concentrated beetroot with a blend of botanical extracts, vitamins, and minerals. The beets used in the formula are grown on the Qinghai Plateau in Tibet under demanding climatic conditions.

The formula is complemented by the patented **S7™** blend containing seven botanical ingredients: green coffee, green tea, turmeric, blueberry, broccoli, acerola cherry, and kale.

FLOW Pack is an excellent addition to your daily supplementation routine—whether at home, at work, while travelling, or before an active day.
