LIFE SET

We present an innovative set of the best-selling Nature's Sunshine Poland products. It contains Chlorophyll Liquid, a green natural wonder, and Bifidophilus Flora Force, what makes it probably the best set on the market. Together with vitamin C they make an ideal trio that is a must-have at home of every customer and Nature's Sunshine Distributor.

SET COMPOSITION:

Chlorophyll Liquid - dietary supplement

Chlorophyll Liquid is an absolute best-seller among Nature's Sunshine products around the world. The main ingredient of the product is sodium copper chlorophyllin obtained from alfalfa and mulberry. The chemical structure of chlorophyllin is very similar to the haemoglobin molecule, and the main difference is the centre of the molecule. In haemoglobin, it is iron, while in chlorophyllin - copper. It owes its refreshing mint flavour to the spearmint aerial parts oil. Drink water with the addition of chlorophyll with each meal.

Ingredients:

Purified water; stabilizer: soluble glycerine; sodium copper chlorophyllin; aroma: spearmint oil

Recommended Use:

Add 5 ml (one teaspoon) of Chlorophyll Liquid to a glass of water.

Drink 3 times a day during meals. Do not exceed the recommended daily dose.

Store in a dry and cool place, out of reach of small children. After opening, store in the fridge.

Bifidophilus Flora Force - dietary supplement

Bifidophilus Flora Force is a dietary supplement in which you will find strains of lactobacillus acidophilus and bifidobacterium longum. The product also contains a mixture of short- and long-chain fructooligosaccharides. Bifidobacterium longum and lactobacillus acidophilus are found in the human digestive system and are widely considered to be vital among bacteria. Take 1-2 capsules of Flora

Force a day during a meal.

Ingredients:

Lactobacillus acidophilus; bifidobacterium longum, fructooligosaccharides, powdered carrot, safflower oil; maltodextrin; capsule shell: gelatin; anti-caking agent: cellulose; emulsifier: magnesium stearate.

Recommended Use:

1 capsule 1-2 times a day during a meal.

Do not exceed the recommended daily dose.

Store in a dry and cool place, out of reach of small children. After opening, store in the fridge.

Vitamin C with bioflavonoids - dietary supplement

Vitamin C with bioflavonoids is an excellent blend of ingredients rich in vitamin C. Each tablet of the product contains 1000 mg of ascorbic acid, which is released in the body for up to eight hours. Vitamin C is of great importance for the proper functioning of the body, and above all - for the functioning of the immune system. Vitamin C is also involved in the production of collagen to ensure the proper functioning of bones and cartilage, and thus creates a perfect combination with the rose hip, which contributes to the increased joints strength. Take one tablet of Vitamin C each day.

Ingredients:

Vitamin C (ascorbic acid) 1000 mg / tab - 1250% RDI, antioxidant: fatty acids; thickener: hydroxypropyl methylcellulose; emulsifier: magnesium stearate; thickener: calcium phosphates; anti-caking agent (silicon dioxide); acerola fruit extract; hesperidin; lemon bioflavonoid extract; rose hips; rutine

Recommended Use:

1 tablet a day during a meal.

Do not exceed the recommended daily dose.

Store in a dry and cool place, out of reach of small children.

*RDI - Reference Daily Intake
