DESCRIPTION OF THE ITEM

CLEANSING AND MATTIFYING FACE TONER

A light toner will gently cleanse, soothe and refresh the skin. It will remove make-up residue. The formula fights excessive sebaceous secretion and quickly mattifies the complexion. It protects against harmful effects of the environment and strengthens the natural protection against oxidative stress, increasing the skin's detoxification capacity. Never in your life have you ever felt this fresh, hydrated and clean as after using this toner.

It leaves the skin fresh, without a hint of stickiness.

Effects:

- calming
- matting
- cleansing
- toning
- moisturising

Main active ingredients:

Rhodophyta (red algae) extract

It strengthens antioxidant protection. It reduces sebaceous secretion and stimulates the production of lipids. It protects the skin from contamination and revitalises its protective functions.

Plankton extract - exopolysaccharides, produced by marine plankton.

It has the ability to absorb and retain large amounts of sebum, thus guaranteeing a matting effect only one hour after the application. What is also important, the ingredient mats but does not dry the skin.

Aloe vera gel

Has soothing, moisturising and antioxidant properties.

American witch-hazel (Hamamelis)

It has cleansing, toning, soothing and moisturising properties for the skin.

Vegetable glycerine

Creates a moist protective layer on the epidermal surface, nourishes the skin and prevents moisture loss. The glycerine restores elasticity, softness and smoothness.

Advantages: it does not contain parabens, paraffin, formaldehyde or silicones.

Application: moisten a clean cotton pad with the toner and wipe the entire face. Make sure to avoid the eyes. The toner will help you gently remove make-up residue.

Effects: radiant skin; cleansed pores; healthy skin tone, without redness or irritation. Now you can apply the cream.

Ingredients: aqua, glycerin, aloe barbadensis leaf juice, jojoba wax PEG-120 esters, phenoxyethanol, PPG-26-buteth-26, PEG-40 hydrogenated castor oil, caprylyl glycol, ethylhexylglycerin, hexylene glycol, parfum, hamamelis virginiana leaf water, disodium EDTA, lactic acid, butylene glycol, sodium hydroxide, plankton extract, phenethyl alcohol, potassium sorbate, sodium benzoate, citric acid, hydrolyzed hordophyceae extract.
