

MOISTURIZING FACE CREAM SPF15

PRICE: **40,90** EUR

SHIPPING TIME: 24 GODZINY

Catalogue no.: PL21604

EAN code: PL21604

DESCRIPTION OF THE ITEM

Revitalizing and moisturising general-purpose cream. Long-lasting hydration (day & night). An excellent make-up base that absorbs quickly, thus leaving the skin fresh and silky for a long time

The cream has been enhanced with Mega Moisturiser Active complex, based on amino acids (proline, allanine, serine) and Pseudoalteromonas fermentation extract, which reduces water evaporation from deeper layers of the skin and supports its regeneration. It provides visible hydration and great general-purpose care. The active ingredient is obtained from Peruvian pepper and has a strong cleansing effect.

Luxurious creamy texture. It spreads easily and absorbs quickly, leaving no greasy residue on the surface of the skin.

Effects:

- long-lasting hydration
- skin lightening
- regenerating
- universal care and anti-ageing prophylaxis
- refreshing
- protecting against sunlight

Main active ingredients:

Hyaluronic acid

due to its ability to bind and retain water, it acts both as a direct moisturiser, by supplying water to the stratum corneum, and as an intermediate moisturiser, by creating a layer that prevents moisture evaporation. The skin is moisturised for a long time.

Sunscreens

daily skin protection; they prevent photo-ageing of the skin.

Illipe butter

has many great nutritional properties. It is rich in fatty acids. It improves skin elasticity.

Rice starch

suitable for sensitive skin; it gives the skin a matte finish and even tone.

Ultra moisturising factors

they consist of 2 innovative complexes. The complex based on the amino acids proline, alanine, serine and Pseudoalteromonas extract has an immediate and lasting moisturising effect. Whereas the IQ-hydration complex (intelligent moisturising) forms an "intelligent" double fat layer on the skin's surface, thus strengthening its natural protective properties and guaranteeing visible hydration.

Peruvian pepper extract

a natural biofunctional ingredient; obtained from the fruit of Peruvian schinus molle. It is rich in powerful bioavailable polyphenols – quercetin and micelianine. It rebuilds the skin's protective barrier and helps reduce its permeability. It rejuvenates and refreshes the skin and reduces wrinkles. It has a cleansing effect: it reduces sebaceous secretion, reduces the visibility of pores and moisturises.

Advantages: does not contain parabens, paraffin, formaldehyde, dyes, silicones

Application: apply on the cleansed face. For daily use in the morning and evening.

Effects: smooth, firm, well moisturised, radiant and healthy skin. Extremely long-lasting moisturising effect.

Ingredients: aqua, ethylhexyl methoxycinnamate, butyl methoxydibenzoylmethane, octocrylene, glycerin, shorea stenoptera seed butter, benzyl alcohol, potassium cetyl phosphate, cetyl stearate, carbomer, cetearyl alcohol, cetearth-12, oryza sativa starch, isopentyl diol, polymethyl methacrylate, steareth-2, propanediol, caprylyl glycol, cetyl alcohol, isostearyl isostearate, ethylhexylglycerin, parfum, sodium hydroxide, pseudoalteromonas ferment extract, xanthan gum, disodium EDTA, limonene, linalool, hexyl cinnamal, sodium hyaluronate, stearic acid, BHT, serine, alanine, proline, sodium phosphate, citronellol, geraniol, citral, schinus molle extract, tocopherol, citric acid.
