DESCRIPTION OF THE ITEM

GRAPINE WITH PROTECTORS

DIETARY SUPPLEMENTS

Grapine with Protectors is the result of the highest quality ingredients combination. Vitamin C, turmeric root, rosemary and red grape seed extract are the key ingredients of the product. Vitamin C helps protect cells against oxidative stress. Turmeric supports the nervous system and enhances the production, quality and circulation of blood. It supports the immune system and stimulates appetite. What is more, turmeric has antioxidant properties. Rosemary contributes to the body's natural defences – it supports the immune system. It stimulates the production of digestive body fluids, supports the liver and bile duct. Rosemary has traditionally been used to improve digestion. Grape seed extract is a valued plant-based ingredient, rich in natural polyphenols (OPC). It is a valuable addition to the daily diet as a source of plant-derived antioxidants.

- The product complements the daily diet with vitamin C.
- Curcuma supports heart function and blood production/circulation.
- Rosemary contributes to stimulating the production of digestive body fluids and helps support the proper functioning of the liver.
- Rosemary contributes to increased fat digestion.
