Defense Maintenance

Dietary supplement - 120 capsules

Can you imagine a better formula for strengthening the immune system than combining vitamins A, E and C with zinc and selenium? Defense Maintenance supplements your diet with these ingredients, greatly bolstering the immune system.

The herbs enriching the formula are also noteworthy, as Ginseng root, Acai berry concentrate, turmeric, Chinese magnolia-vine and reishi mushrooms perfectly align with the current nutritional trends and strengthen the body in various ways.

Vitamin C

Helps ensure the immune system is functioning correctly, while also ensuring correct production of collagen, thanks to which bones, cartilage, skin and teeth are in a good condition.

It has a strong antioxidant effect, increases iron absorption and supports correct mental functions.

Vitamin E

A popular antioxidant that protects cells against oxidative stress.

Vitamin A

Helps ensure the immune system is functioning correctly, but also keeps eyesight sharp and is great for maintaining healthy skin.

Zinc

Supports the immune system, but is also great for anybody who cares about beautiful and healthy skin, hair and nails. For men, zinc helps maintain correct testosterone levels.

Selenium

In addition to supporting the immune system, it also helps the thyroid gland and protects cells against oxidative stress.

Ginseng

Has been used for many years as a traditional way to ensure vitality and prevent fatigue. Of course, it also reinforces the immune system.

Turmeric

Aids immune system functions, but also the liver. It also helps maintain proper lung and upper respiratory tract functions.

INGREDIENTS:

L-ascorbic acid (vitamin C), D-alpha-tocopherol (vitamin E), Siberian ginseng root powder, L-selenomethionine powder, medicinal asparagus stalk, powdered plants: Acai berry concentrate, broccoli flowers, cabbage leaf, extract of the fruiting body of reishi mushrooms, Chinese magnolia-vine fruit, turmeric rhizome; beta-carotene (vitamin A), zinc gluconate, zinc oxide, retinyl palmitate (vitamin A), capsule shell (gelatin, water), anti-caking agents (fatty acids, silicon dioxide, magnesium salts of fatty acids).
