### DESCRIPTION OF THE ITEM

Stay independent

Movement is the key, and movement without pain or discomfort is perfect. Keeping our bones and joints in good health is the basis for maintaining mobility, and mobility is the cornerstone of our independence. We all know that the passing of time most often makes itself felt in joints and bones.

Calcium, zinc, vitamins C and D and physical activity are the answer. You'll find all the necessary ingredients in the "Healthy Bones and Joints" set.

---

Be mobile. Stay independent!

**Calcium Plus Vitamin D** is a key part of the set. It contains ingredients necessary for keeping bones and joints healthy, and its composition allows calcium and phosphorus to be absorbed effectively.

**Zinc ALT** is the perfect dietary supplement for ensuring bones stay healthy.

**EverFlex** is a great combination of chondroitin, glucosamine and MSM (methylsulfonylmethane).

**Vitamin C** is responsible for producing collagen necessary for joint health.

**Collagen** contains as much as 17 g of collagen peptides, which makes it a very rich dietary supplement.

**Vitamin D3** is associated with immunity, but there is no doubt that it is also needed to keep bones healthy. In addition, it helps in the absorption of calcium and phosphorus that bones need.

The set is supplemented with **MSM**, i.e. methylsulfonylmethane naturally occurring in the synovial fluid.

---

**Included in the set:**

Collagen  
Zinc ALT  
2 x EverFlex  
Calcium Plus Vitamin D.  
Vitamin C bioflavonoids  
Vitamin D3  
MSM- Methylsulfonylmethane

---

**Recommended use:**

Use all the products included in the set in accordance with the instructions on the labels.

---

**PROMOTION!**

**When you purchase the Healthy Bones and Joints set, you can take advantage of a 25% discount on Chondroitin or MSM.**

---

*Dietary supplements are not a substitute for a varied diet. A balanced diet and a healthy lifestyle are the cornerstone of a healthy body.*
