DESCRIPTION OF THE ITEM

DTX Basics

Daily support for cleansing the body.

Your body is superbly designed to neutralise a wide range of threats in the form of harmful toxins that are encountered every day.

Air pollutants, allergens, chemicals, food additives etc. are constantly being captured, broken down and excreted through your body's natural processes. But even your body's best mechanisms may need help. The enormous effort your body makes every day requires daily support.

That is why DTX Basics was created – a unique combination of herbs, vitamins and probiotics that your body needs to efficiently neutralise, transform and excrete toxins on a daily basis.

How does it work?

Your body can handle the cleansing process perfectly well, but processed foods, lack of physical activity or taking medications can prove to be too much of a strain on the natural detoxification process. The body can communicate this by burdening us with a constant feeling of fatigue, skin problems or weight gain and headaches. The body cleanses itself through multiple pathways: through the skin, respiratory system, kidneys and intestines. Of course, the key is the liver and its proper functioning. All these pathways are supported by the herbs included in DTX Basic.

Daily good habits and regular use of DTX Basic will help improve the cleansing process and make your body free of toxins.

Four products. One common goal.

DTX Basics combines the benefits of four different products from Nature's Sunshine. Their synergy enables to achieve the goal of supporting the body in daily cleansing. Each serving is a comprehensive action of Milk Thistle Combination, Super Antioxidant, Cinnamon Balance and Bacillus Coagulans. The combination of these four products gives great results and ensures safe use every day.

Milk Thistle Combination consists of vitamins A and C combined with such herbs such as milk thistle and dandelion. The main function of the product is to support liver, which plays a key role in the body's cleansing process. Milk thistle seed extract supports normal liver functioning and normal bile production. The similar effect of dandelion root, which additionally helps to maintain urinary tract function, makes Milk Thistle a product that is essential every day. Vitamins A and C play an important role in the metabolism of iron, which your body cannot produce on its own. An added bonus here is the presence of choline, which contributes to maintaining normal fat metabolism and supports liver function.

Active Ingredients	Per daily serving (1 tablet)	%RI*
Vitamin A (beta-carotene)	4 mg	500%
Vitamin C	240 mg	300%
Milk Thistle Seed Extract (80% Silymarin)	175mg	**
Dandelion Root	150 mg	**
Choline (bitartrate)	60 mg	**
Inositol	55 mg	**
N-Acetyl-L-Cysteine	55 mg	**
*RI: Daily Reference Intake for adults		
**No value established		

Ingredients:

Ascorbic acid, milk thistle seed extract (*Silybum marianum*), dandelion root powder (*Taraxacum officinale*), bulking agent (microcrystalline cellulose), anti-caking agent (stearic acid), choline bitartrate, inositol, N-Acetyl-L-Cysteine, bulking agent (cellulose), beta-carotene, maltodextrin, anti-caking agents (salts magnesium fatty acids, silicon dioxide), firming agent (hydroxypropylmethylcellulose), sweetener (maltodextrin), stabilizer (polyethylene glycol), glazing agent (carnauba leaf wax).

Super Antioxidant is a real antioxidant bomb. Air pollutants, toxins, food additives force your body to work hard and expose your cells to oxidative stress. Rosehip fruit, which contain naturally occurring antioxidants, play a special role here, but also contribute to the proper functioning of the kidneys, bladder and gastrointestinal system. Turmeric rhizome is a great support for the liver, but also for the upper respiratory tract.

Active Ingredients	Per daily serving (1 capsule)
Turmeric Rhizome	153 mg
Rose Hips	123 mg
Milk Thistle Seed	87 mg
Tocotrienols	132 mg
Phytosterols	0.2 mg
Lycopene	28 mg
Alpha Lipoic Acid	2 mg

Ingredients:

Turmeric root powder (*Curcuma longa*), tocotrienol blend powder (gelatin, sucrose, modified corn starch, palm oil, tocotrienols [d-Gamma Tocotrienol, d-Delta Tocotrienol, d-Alpha Tocotrienol], tocopherol [d-Alpha tocopherol], antioxidant (ascorbyl palmitate), palm squalene, phytosterols (0.04%), phyto-carotenoids, co-enzyme Q10 and water), rose hips powder (*Rosa canina*), milk thistle seed powder (*Silybum marianum*), lycopene, anti-caking agents (salts magnesium fatty acids, silicon dioxide), alpha lipoic acid, capsule shell (gelatin, water).

Cinnamon Balance – more than cinnamon – a synergy of fenugreek, milkvetch, greater burdock and dandelion. Fenugreek seeds contribute to maintaining the correct pH of gastric juice and support digestion. Milkvetch root helps the skin to defend itself against UV damage and greater burdock root helps to maintain normal blood glucose levels.

Active Ingredients	Per daily serving (4 vegetables capsules)
Cassia Cinnamon Bark	1000 mg
Nopal Leaf	500 mg
Funegreek Seed	250 mg
Astragalus Root	126 mg
Burdock Root	62 mg
Dandelion Root and Leaf	62 mg

Ingredients:

Cassia cinnamon bark powder (*Cinnamomum* spp.), nopal leaf powder (*Opuntia ficus-indica*), fenugreek seed powder (*Trigonella foenum-graecum*), astragalus root powder (*Astragalus membranaceus*), burdock root powder (*Arctium lappa*), dandelion root and leaf powder (*Taraxacum officinale*), vegetable capsule [firming agent (hydroxylpropylmethylcellulose), water].

Bacillus Coagulans completes the composition of DTX Basics by providing your body with a dose of probiotic bacteria essential for every digestive system

Active Ingredients	Per daily serving (1 capsule)
Bacteria <i>Bacillus coagulans</i>	1 miliard CFU*
Inulin	270 mg
*Colony Forming Unit – Colony Forming Unit	

Ingredients:

Bacillus coagulans bacteria, inulin powder (chicory root extract), anti-caking agents (salts magnesium fatty acids, silicon dioxide), vegetable capsule [firming agent (hydroxylpropylmethylcellulose), water].

RECOMMENDED SERVING FOR CONSUMPTION DURING THE DAY

Take the contents of one package (1 tablet, 6 capsules) once a day before meals.

Do not exceed the recommended serving for consumption per day!

If you are taking medication, consult your doctor or pharmacist before consumption.

Nature's Sunshine encourages a healthy lifestyle. Dietary supplements cannot be used as a substitute for a varied diet. A balanced diet and healthy lifestyle are the basis for the proper functioning of the body.
