DESCRIPTION OF THE ITEM

FENUGREEK & THYME

DIETARY SUPPLEMENT

Fenugreek & Thyme - Support for respiratory, digestive and immune health - A dietary supplement that contains carefully selected fenugreek and thyme. These natural ingredients can help you maintain the health and wellness of these important body systems.

Main ingredients Fenugreek & Thyme:

Fenugreek is a herbal plant with a long history of use in natural medicine. It supports digestive comfort, contributes to the maintenance of normal pH of gastric juice, normal blood sugar levels and helps control blood cholesterol levels. It is worth adding that it supports immunity.

Thyme is a herb well known for its respiratory support properties. It soothes the respiratory tract and is calming to the

throat. Like fenugreek, thyme supports the immune system and digestion.

How it works

Respiratory system: Fenugreek & Thyme support respiratory health through the action of thyme.

Digestive system: Fenugreek and thyme support the health of the digestive system, improving digestion. This can contribute to overall well-being and digestive comfort.

Immune system: Fenugreek & Thyme can also support the immune system, strengthening the body's natural defence mechanisms in which both product ingredients help.

Choose Fenugreek & Thyme - natural support for respiratory, digestive and immune health. Provide the best care for your body.
