GINKGO & HAWTHORN

DIETARY SUPPLEMENT

Natural support for brain health, vision, hearing and memory? Ginkgo & Hawthorn is a dedicated dietary supplement that has been formulated specially for the elderly, professionally active people and those concerned with maintaining optimal cognitive function and well-being.

Main ingredients of Ginkgo & Hawthorn:

Ginkgo, also known as Ginkgo biloba, is a plant with a long tradition of use in natural medicine. It contains natural active ingredients such as flavonoids and terpenoids, which can support blood circulation, including cerebral circulation.

It is the cerebral circulation that plays a key role in delivering oxygen and nutrients to the brain, which can support its proper functioning. Ginkgo

Hawthorn: Hawthorn is a plant known for its properties that support heart and cardiovascular health. Ingredients present in hawthorn, such as flavonoids and phenolic acids, may help to maintain normal heart function, healthy blood circulation and overall well-being. The calming effect of hawthorn can also help to reduce stress and improve overall mental well-being.

How it works

Brain: Ginkgo biloba (ginkgo) can help maintain normal brain function in elderly people and improve cognitive performance.

Vision and hearing: Ginkgo & Hawthorn can support vision and hearing health thanks to the ginkgo content but also thanks to the positive effects on blood circulation.

Memory: Ginkgo biloba can support a healthy memory, especially in elderly people.

Choose Ginkgo & Hawthorn – natural support for proper brain function, vision, hearing, and memory. Take care of your health and well-being, whatever your age.
