PRICE: **160,20** EUR

SHIPPING TIME: 24 GODZINY

Catalogue no.: PL65153

EAN code: PL65153

DESCRIPTION OF THE ITEM

The set includes: Liquid Chlorophyll, DTX Basics, and Liver Health Formula.

Spring is a time of renewal and regeneration, both for nature and for our bodies. That's why we present the Spring Trio - a set of three products that will help you cleanse and refresh your body, restoring its energy and vitality.

DTX Basics: Daily support in cleansing the body. DTX Basics is a unique combination of herbs, vitamins, and probiotics that help neutralize harmful toxins we encounter every day. Thanks to the daily dose of DTX Basics, your body can more efficiently transform and excrete toxins, maintaining internal balance.

- **Milk Thistle Combination** consists of vitamins A and C combined with such herbs such as milk thistle and dandelion. The main function of the product is to support liver, which plays a key role in the body's cleansing process. Milk thistle seed extract supports normal liver functioning and normal bile production. The similar effect of dandelion root, which additionally helps to maintain urinary tract function, makes Milk Thistle a product that is essential every day. Vitamins A and C play an important role in the metabolism of iron, which your body cannot produce on its own. An added bonus here is the presence of choline, which contributes to maintaining normal fat metabolism and supports liver function.

Ingredients:

Ascorbic acid, milk thistle seed extract (*Silybum marianum*), dandelion root powder (*Taraxacum officinale*),

bulking agent (microcrystalline cellulose), anti-caking agent (stearic acid), choline bitartrate, inositol, N-Acetyl-L-Cysteine, bulking agent (cellulose), beta-carotene, maltodextrin, anti-caking agents (salts magnesium fatty acids, silicon dioxide), firming agent (hydroxypropylmethylcellulose), sweetener (maltodextrin), stabilizer (polyethylene glycol), glazing agent (carnauba leaf wax).

- **Super Antioxidant** is a real antioxidant bomb. Air pollutants, toxins, food additives force your body to work hard and expose your cells to oxidative stress. Rosehip fruit, which contain naturally occurring antioxidants, play a special role here, but also contribute to the proper functioning of the kidneys, bladder and gastrointestinal system. Turmeric rhizome is a great support for the liver, but also for the upper respiratory tract.

Ingredients:

Turmeric root powder (*Curcuma longa*), tocotrienol blend powder (gelatin, sucrose, modified corn starch, palm oil, tocotrienols [d-Gamma Tocotrienol, d-Delta Tocotrienol, d-Alpha Tocotrienol], tocopherol [d-Alpha tocopherol], antioxidant (ascorbyl palmitate), palm squalene, phytosterols (0.04%), phyto-carotenoids, co-enzyme Q10 and water), rose hips powder (*Rosa canina*), milk thistle seed powder (*Silybum marianum*), lycopene, anti-caking agents (salts magnesium fatty acids, silicon dioxide), alpha lipoic acid, capsule shell (gelatin, water).

- **Cinnamon Balance** – more than cinnamon – a synergy of fenugreek, milkvetch, greater burdock and dandelion. Fenugreek seeds contribute to maintaining the correct pH of gastric juice and support digestion. Milkvetch root helps the skin to defend itself against UV damage and greater burdock root helps to maintain normal blood glucose levels.

Ingredients:

Cassia cinnamon bark powder (*Cinnamomum* spp.), nopal leaf powder (*Opuntia ficus-indica*), fenugreek seed powder (*Trigonella foenum-graecum*), astragalus root powder (*Astragalus membranaceus*), burdock root powder (*Arctium lappa*), dandelion root and leaf powder (*Taraxacum officinale*), vegetable capsule [firming agent (hydroxypropylmethylcellulose), water].

- **Bacillus Coagulans** completes the composition of DTX Basics by providing your body with a dose of probiotic bacteria essential for every digestive system

Ingredients:

Bacillus coagulans bacteria, inulin powder (chicory root extract), anti-caking agents (salts magnesium fatty acids, silicon dioxide), vegetable capsule [firming agent (hydroxypropylmethylcellulose), water].

Chlorophyll Liquid: Chlorophyll Liquid is an absolute bestseller among Nature's Sunshine products worldwide. The main ingredient of the product is sodium-copper chlorophyllin obtained from alfalfa and mulberry. The chemical structure of chlorophyllin is very similar to that of hemoglobin, with the basic difference being the central atom of the molecule. In hemoglobin, it is iron, while in chlorophyllin, it is copper. The refreshing minty taste of chlorophyll is due to the addition of peppermint oil. Liquid chlorophyll supports the body's detoxification process, adding energy and vitality.

INGREDIENTS:

Purified water; stabilizer: soluble glycerine; sodium copper chlorophyllin; aroma: spearmint oil

KEY INGREDIENTS:

Content in the recommended serving (5 ml):

Sodium copper chlorophyllin..... 15 mg*

*Reference Daily Intake not specified.

Liver Health Formula: Your liver is crucial to your health. Our Liver Health formula contains a carefully selected blend of herbs such as turmeric, burdock, yellow gentian, and dandelion, which support the natural functions of cleansing and regenerating the liver. Regular use of Liver Health Formula can help maintain your liver in good condition, ensuring long-term health and vitality.

INGREDIENTS:

Powdered plants: Greater Burdock Root, Turmeric, Yellow Gentian Root, Irish Moss thallus, Slippery Elm bark, Fenugreek seeds, Safflower flowers, Dandelion Root, Bearberry Leaf, Chickweed aerial parts, catnip leaf, bulking agent (cellulose), anti-caking agent (magnesium salts of fatty acids), capsule casing (gelatine, water).

KEY INGREDIENTS (in 3 capsules)

Greater Budrock Root	252 mg
Turmeric (rhizome)	210 mg
Yellow Gentian Root	171 mg
Irish Moss Thallus	150 mg

Slippery Elm bark138 mg
Fenugreek seeds102 mg

Spring Trio is comprehensive support for your body during the transitional period between winter and summer. Daily supplementation of DTX Basics, Chlorophyll Liquid, and Liver Health Formula can help you fully enjoy spring, restoring your body's natural balance and energy.

Nature's Sunshine encourages a healthy lifestyle. Dietary supplements cannot be used as a substitute for a varied diet. A balanced diet and healthy lifestyle are the basis for the proper functioning of the body.
